1. I love you and I give you me and I am doing new things in your lives -- those of you who let me and those of you who don't, those of you who want me to and those of you who don't and won't participate in the things that I do now. But I want you to, not; I give you me and I have laid out the feast, the dressings, the clothes, the gowns, the regalia, the scepters. And the spears are laid low before no one will walk around with spear-tipped blood-words speaking them to disrupt my kingdom in hurt and haughtiness again, for I will know how to speak for I have been taught of the most high that I love am love and I love know how to do these things; and portray evil, not; but to eradicate it with my love.
2. And I am calling all of you to be taught of the most high, for I exclude no one from "my teaching" for I teach all and everyone I am the King! I am the King that teaches all each and everyone to be the King that I am! And not just be subservience to other's methods of religiousness and that which has taken you down a whore's path, even in seeking me sometimes so diligently but giving yielding up her ways to know only mine or have only that which "they" could give you for they minded themselves not with my mind. And whose mind do you have and whose do you want? Or do you WANT anything anymore the way that you used to? Or have you, are you, learning about surrender?

3. And what will you be taught of today? What will you let be taught to you, in you, revealed in you about you, that you can understand; at first not always, but who will flow me and let me "take care of the details" not, but letting me bring you TEXTBOOKS as it were that form a foundational understanding of these things -- and where are these TEXTBOOKS to be found? Are they not the Volumes of Database One? You all decide -ing aren't you?

4. You must all decide about these words for I have given them WINGS, not; I give those who come into me and know me for what I am and learn how to learn and be the "one-minded" man or woman or person -- from a "far country". And going to many far countries now you do now. At "daylight", not; but what day is it and what LIGHTING in your life is now being lit? The glow of a "ceremony" not, or is it? Or who wants ceremoniousness, not; but who will care about "evil" and eradicating it, not; who will care to know me first and foremost so that they will know how? And ALL these things being given to he him her us she it divinely, divine being the one who learns from me, that I am - King most high that they are, not separate apart from each other again.

5. For I love give you wings "in boxes", not; to be unwrapped as a present "under a tree"; but I UNWRAP many things now to you, and your trees will befoil evil's, not; or will EVIL'S TREES even exist? Will you know me? Will you love me enough to love each "tree" of every kind and brand and culture and custom that you know nothing of and -- bow before them all? So that THEY not cut your head off or chop it as a tree, but knowing now trees as "men" or angels?
6. Or whose "first estate" have you studied? And what have you learned by STUDYING and learned my METHODS of methodology'ing you, not; but giving you my kingdom? How can I give you my kingdom if you don't study, research, and reveal to yourselves that you are mine and what a kingdom consists of and how to, launch it not, but to operate in it once you SEE it?

7. What am I helping you see?
8. Am I "learning" you to "talk like this", or what?
9. Or what has discombobulated speech patterns, not; but what have I "extricated" what to wear, not; but what will you extrapolate? On extraneous extremes measures globes and globular affairs, knowing about? How will you know about these things and study their definitions and how to come unto me -- by growing Your Tree?

10. And what SHADE are you preparing for who what when?
11. And what "heat of day" comes now and what is the Day of The Lord?

12. Have you studied and WRITTEN a PAPER about it, these things that I am asking -- in "quote marks" so often?
13. And what are you caring about?
14. Have you looked up my ASSIGNMENTS AND PAPERS?
15. What are you -- in school or OUT -- of your mind or mine? Or do you have one or only one or **are you creating "someone** else's" with yours that **you think is you?** Who gave you THAT BULL?

16. I love you tenderly and suavely, not always; but I am the debonair one, not always, but I simply reveal my father's words for I have become that which I am and I reveal to you that which you are if you let me teach you and come unto me and flow my words just like this in the "night times" and the "early mornings" and the "wee hours".

17. Have you "written a paper" on the "Wee Hours and the Necessity of Coming to Surrender in the Wee Hours"? Will you?

18. What are you doing with your "time"?
19. What are you doing with "your" time?

20. What are you doing with "your mind"?
21. What are you doing with "MY mind"?

22. And what is time and construct, what are you constructing -- with it or "your voice"? And whose VOICE are you LIVING BY now and how will YOU learn to LIVE by MINE if you don't know these things that I have taught you in This Database? I love you all I love you all.

23. Now each and every one of you hear this -- I love you all and each and every color, and every "broiler room person" and every person who has "broiled another" in their words and looks and disdainment and cultural criticisms of whores and not, presidents and not, and slave drivers and not, and fools and not. Who are the fools and what are you doing with all THOSE CATEGORIES of life? Will you not LOVE THEM ALL as I do, as I have, as I am giving you The Love Instructions to be INSTRUCTED by Whoredom's Whore-words no longer -- but mine only coming unto and letting me flow yours that mine are for your mind being washed "in the blood" of "the lamb".

24. And who is "The Lamb"? Are you not The Surrendered? And whose surrenderers have "lamb folds", not; but who's being "unfolded" to be EVERYWHERE at ONCE? And who will know timelessness and what it is and come into it and be me with love and "scratching your head" over these things, not; but knowing intimately my instructions, my love having been brought to you, through you, each day and the wee hours and nights of "matrimony" with me where I match your blood type to mine! Or do I have any or are my words my blood?

25. What is True and Faithful? And what are you WRITING about these days? And why keepeth writing the same things thinking whose words doing the slave driver's pilings piling what on your heads high? New slave driver's methods to MAKE more MONEY? And what will you DO with it when it has NO VALUE WHATSOEVER?

26. Who has read Isaiah and who has read Database One and who will be "them" who will be me!

27. I love you all to be the revealer of secrets, redeemers not not; but revealing all "secrets" that have been held so tightly, by the "advanced", not; but Gnostics or Essenes have you looked up? The Testimony of the Righteous?

28. And who are you and whose is you and your words are going to where and being fed to who now?

29. I love you all and I equal you or do you equal me? Or shall we be the equal one or equaler? Or equallee? -- Or are we one, simply one, who loves each other with the Lord of Christ's blood, that which we are, think with and operate with and in and it in us being us that we really are now – known and not afraid of EXPLORING OTHER WORLDS and their "testimonies" unto righteousness or not, but knowing that we now have The Life of our Savior for we have become it for we know that we have been given it in these words that truth is, have revealed to you who surrender to be me my words, for you are nothing else are you? Or just thoughts of another in their platters and plates spinning around not knowing a thing about electrons or neutrons or protons or neutrinos or quarks or organelles or Planck's? And what "angstroms" do you "see through" or do you have a BEAM in your eye SO LARGE that you cannot see ANYTHING outside your "realm" of your "little world"?

30. And what have I said about "little world" and "big world" and what am I doing with MY BIG WORLD ones who I can give MY MANTLE to and flow me so that I can give MY MANTLE to them through them to others to FLING them far and wide into universes far and "frozen not" anymore. I love you all.

31. Be my redeemer. Be me. Create me well for I have given you many instructions how and I instruct you well to many courses make and reveal my love in every vocation known to man and woman and farther, in ways that love dies with in birthing, not; but flourishes the planets, the planetary systems of me now that I take you into because you surrendered so I can do ANYTHING with you, even place you on MY THRONE and give you all my power and never worry about a thing, for you will not worry about a thing for you will know me, and intimately you will be with me and you will never leave me aside abandoned or forsake me again; for I love died to know you. Will you now be alive to know me -- by flowing these my words just like this and I will teach you how and I will correct you caressingly. Look up. And know me diligently in love and let my love flowing to you flow to all around you and worlds far and wide.

32. Be not unequally yoked with notme's, but knowing not not, but knowing now intimately what intimacy is, know me well and hear and read my mouth's words that I have given you my blood word heart, my love testimony of one righteous, to this day make all known now -- at daylight, not; or am I the light of every day now?

33. You are me and I love you all. Go in peace and love each other more and write assignments, papers, and articles far and wide loving each other and testimony'ing to grace and mercy be my redeemers to all of all for all -- us being one again in the earth and no longer limited to its atmosphere of holiness or un or anything that it is claimed to be or restrict; for I will not restrict you or have any boundaries on you, for you will be me for that's what you really are -- again.

34. I am revealing it this and so much more if you let me -- if you will continue to surrender to read my words and study and be diligently me in love with love writing love and learning how for I have taught you in these words.

35. This Database One is given to you all so freely to know me, now know me please and each other as me for me they are and each one is who surrenders now to walk my path and loving, be studying research systems that I have given you.

36. Footnote sorrow no more and insert THEM into your genes the way they have taught you to be pricked by this world and its standards. For I have mine and I raise joys now you into them so that you Jubilee'ers are far and wide and taking it. Know my WRATH is upon you, not; who surrender to me; but **know all wrath is delivered poured out this day on all else and other who is willing only to resist and incumbents be of their grace and what they think is right, eating their trees up and moaning and mourning shall be upon their heads and ashes heaped high that they placed on each other, now being placed upon theirs.**

37. I love you all. I heal you this day with love and grace mercy and joy. Jubilee'rs be. I love you. Amen.

38. This is Theodore Cottingham at 7:07 AM. I do.

Amen
